

A large, modular industrial workstation with multiple levels. The structure is made of grey metal frames with red perforated panels. It features several shelves for storage, including a top shelf for cardboard boxes and a middle shelf with red storage bins. A work surface with a red edge is equipped with a red toolbox and a red storage bin. A large roll of cardboard is mounted on the left side. The workstation is designed for efficient workflow and organization in a manufacturing or assembly environment.

SYSTEM FLEX

Special features at a glance:

- The HR profile tube combines the benefits of an aluminium profile and stable steel construction to produce an innovative and highly flexible concept. The HR profile tube is used as a functional beam on the table. With additional perforations on the front side it serves as an HR attachment profile.

- The front sides of the HR attachment profiles have a 39:39mm perforated grid. Shelves, roll holders and other components can be mounted here – quickly and without the need for screws, enabling you to easily adapt the table to your processes, even if these change.

- The lateral grooves are used for fitting and flexibly adjusting the height of components such as perforated panels, swivelling monitor arms and other accessories. Additionally, further accessories can be easily added at any time.

- The upper part of the HR extension profiles can be fitted straight or at an angle of 20°, thus improving the ergonomic positioning of the fixtures and providing an ergonomic working space for the employee. The supporting arms can also be fitted at an angle of -10°, 0°, or +10°, providing a wide range of combination options.

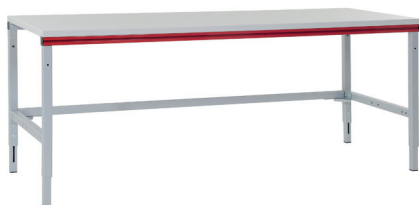

- By separating the rails from the foot of the table, the fixtures can also be continuously shunted along the frame in a horizontal direction, enabling conveyor technology etc. to be added.

SYSTEM FLEX attachment profiles and shelves

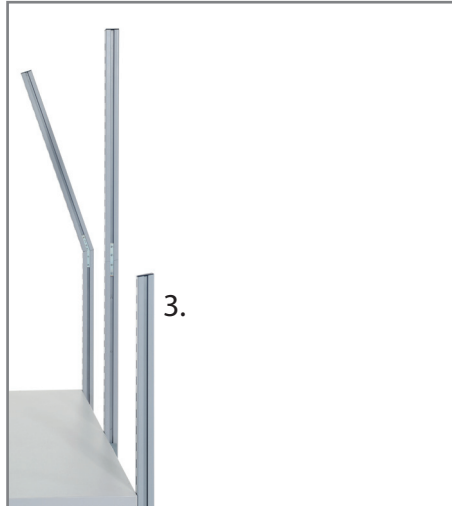

The HR attachment profile combines the benefits of aluminium profile and stable steel construction to produce an innovative and highly flexible concept.

Long HR attachment profile

With two functional grooves and two system perforation rows, divided in two for straight or angled fitting, height of 1230mm above table

Dimension mm WxDxH	Finish	Order no.
1745 x 40 x 40	straight (1.)	73308000
1745 x 40 x 40	Fitting kit for angled fitting (2.)	73308100

Short HR attachment profile (basic)

With two functional grooves and two system perforation rows, height of 520mm above table

Dimension mm WxDxH	Finish	Order no.
1055 x 40 x 40	straight (3.)	73309200

Pull-out shelves

Screw fixing in system grooves, height-adjustable in the grid, suitable for e.g. two label printers, 110% pull-out to change roll, load-bearing capacity of 50kg

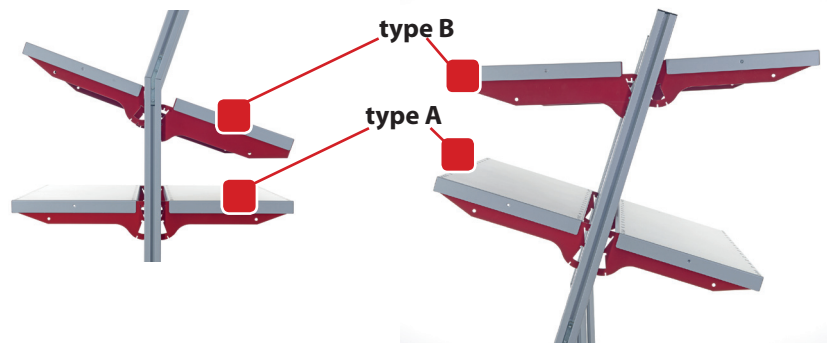

Dimension mm WxDxH	Accentuating colours	Order no.
800 x 500 x 140	ruby red	73303600
800 x 500 x 140	gentian blue	73303601
1000 x 500 x 140	ruby red	73303702
1000 x 500 x 140	gentian blue	73303701

Shelves

For mounting in the system perforations of the attachment profiles, can be tilted to -10°, 0° and +10°. Different widths and depths in two heights enable a wide range of combinations.

Shelf type A

Dimension mm W x D	Accentuating colours	Order no.
800 x 200	ruby red	73306900
800 x 200	gentian blue	73306901
800 x 300	ruby red	73307000
800 x 300	gentian blue	73307001

LED 33 W	73309000
Mains cable 3m	73310200
connecting cable 2,5m	73311400

Luminaire fittings

For fitting workstation illumination under shelves or with supporting arms

for cultivation wide mm	Order no.
800	73306700
1000	73306800

Supporting arms for e.g. luminaire fitting

for mounting the luminaire fitting directly to the HR attachment profile; three supporting arms are needed

Depth mm	Colour	Best.-Nr.
400	ruby red	73301200
400	gentian blue	73301201

In the case of workplace luminaires, the mains cable and/or the connecting cable must be ordered separately.

SYSTEM FLEX IT accessories

Thin-client holder

for screwing into the system grooves of the HR attachment profiles

Dimension mm W x D	Colour	Order no.
300 x 70-120	white aluminium	73308300

Deluxe thin-client holder

for fitting under the work table, adjustable: interior height of 205-360mm, interior width of 50-100mm, incl. fixing screws and drilling template

Dimension mm W x D x H	Colour	Order no.
160 x 115 x 240-395	white aluminium	228110

PC holder

for fitting under the work table, adjustable: interior height of 307-531, interior width of 78-220mm, incl. fixing screws

Dimension mm W x D x H	Colour	Order no.
100-242 x 150 x 320-545	white aluminium	228100

TSS hinged arms

for flexible fitting in the system groove of the HR attachment profiles, VESA 75/100 attachment, quick-release lock, aluminium

Dimension mm W x D x H	Load	Order no.
100 x 455 x 115	5kg	509203
100 x 455 x 200	15kg	509204

Keyboard and mouse shelf with hinged arm

for flexible fitting in the system groove of the HR attachment profiles, load-bearing capacity of 10kg, platform surface 640 x 172mm

Dimension mm W x D x H	Colour	Order no.
640 x 508 x 120	aluminium	509201

Shelves with keyboard pull-out-

400mm deep, with pull-out mouse shelf, can be slid horizontally, RAL9006, for fitting in the HR attachment profile

for cultivation wide mm	Accentua- ting colours	Order no.

TSS and keyboard mount with dual hinged arm

1x325 and 1x200mm made from HR profile tubing

TSS and keyboard mount with single hinged arm

1x325mm made from HR profile tubing

Dimension mm W x D	Colour	Order no.
	white aluminium	73310600

Dimension mm W x D	Colour	Order no.
	white aluminium	73310300

Shelf with Utensilo

For label rolls etc., for mounting in the HR attachment profile, incl. four drawer dividers

Dimension mm W x D x H	Colour	Order no.
B x T: 800 x 400	ruby red	73303000
B x T: 800 x 400	gentian blue	73303001
B x T: 1000 x 400	ruby red	73303100
B x T: 1000 x 400	gentian blue	73303101

Single drawer, lockable

Inner-dimensions: W x D x H: 459 x 442 x, 125mm load-bearing capacity of 35kg, flexible positioning under the table

Dimension mm W x D x H	Accentuating colours	Order no.
527 x 630 x 225	ruby red	73305100
527 x 630 x 225	gentian blue	73305101

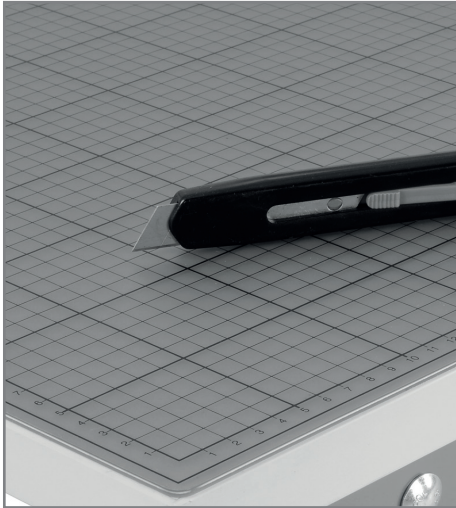

Double drawer, lockable

Inner-dimensions: WxDxH: 459 x 442 x 125mm, central locking, load-bearing capacity of 35kg per drawer, flexible positioning

Dimension mm W x D x H	Accentuating colours	Order no.
527 x 630 x 380	ruby red	73305300
527 x 630 x 380	gentian blue	73305301

SYSTEM FLEX fittings

Incision-resistant overlay

The actual work surface is protected from incisions. The overlay absorbs the incisions and then re-seals your surface.

Dimension mm W x D x H	Colour	Order no.
900 x 600 x 3	transparent	509400

Holder for weighing-machine display

For clamp-fitting to the HR attachment profile

Dimension mm W x D x H	Colour	Order no.
120 x 92 x 42	anthrazit	2091

Holder for adhesive tape dispenser

For fitting in the system groove of the HR attachment profile

Dimension mm W x D x H	Colour	Order no.
95 x 38 x 78	white aluminium	73308200

Beverage holder

For flexible fitting to the HR attachment profile, for two small bottles or a 1.5 litre PET bottle

Dimension mm W x D x H	Colour	Order no.
210 x 125 x 130	white aluminium	73308500

Display-panel holder for twelve display panels

509230 – with magnet fitting

509231 – for perforated rear wall

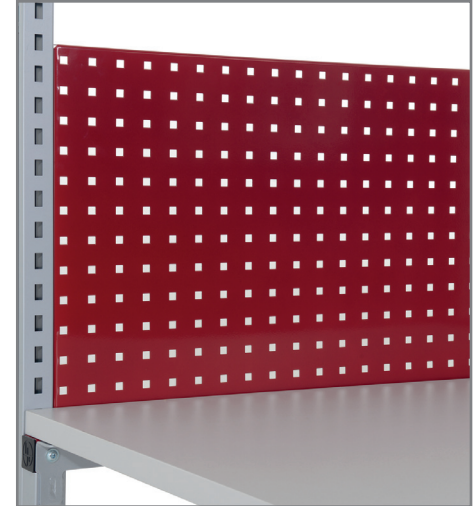

Display-panel holder for 40 display panels

509200 - Plastic table-top carousel –

509200 - Display panels for mounting

1 unit = 6 pcs.

Dimension mm W x D x H	Colour	Order no.
100 x 10 x 300	black	509230
100 x 10 x 300	black	509231
	transparent	509200
	transparent	509220

Perforated rear wall

For screwing into the system grooves of the HR attachment profiles, height can be continually adjusted, locks front and rear (depthwise) flush with the HR attachment profile

Dimension mm W x D x H	Colour	Order no.
800 x 30 x 100	ruby red	73305500
800 x 30 x 100	gentian blue	73305501
