

Office Solutions
in Steel

BISLEY

**The strongest
name in
office furniture**

The name Bisley is famous for quality office storage products. Over the years the company has heavily invested in its two manufacturing plants. As a result, Bisley now leads the UK market in its sector.

By employing their undisputed skills in design and engineering, Bisley has produced a technically advanced range of products designed to meet the needs of the most modern office environment. Office solutions in steel.

- Backs and sides are pierced to enable units to be bolted together
- Filing cabinets can be fitted with compressor plates
- Smooth action, heavy duty roller ball bearing slides with 100% extension
- Fully welded carcass without bolts or rivets for greater strength and cleaner lines

**The market leaders
in flush-fronted
filing cabinets**

Bisley flush-fronted Filing Cabinets are the undisputed market leaders in the UK. Bisley filing cabinets are built to last and feature a fully welded construction and double skin drawer fronts. The range includes five, four, three and two drawer versions for foolscap and A4 filing.

Double filers

The range of Bisley flush-fronted Filing Cabinets includes large capacity double filing cabinets illustrated below (DF3/DF4). These are available with three or four drawers. Both versions will accommodate two rows of A4 files in each drawer.

- Besides card filing, the range is ideal for storing CDs and video cassettes

The efficient filing system for cards, CDs and videos

The Bisley range of Card Filers can accommodate up to 4600 cards per drawer. Each drawer allows for two rows of filing and is supplied with two adjustable compressor plates. Drawer design features include ball bearing rollers and a positive closing device to ensure smooth, silent action. All Card Filers are fitted with flush front drawers, with label holders for the easy identification of contents.

B64

B85

B96

Maximise floorspace with side filing

Bisley Side Filing Cabinets are ideal where floorspace is limited. The range incorporates all the design features of standard filing cabinets but with 30% greater filing capacity and a compact shape. The shallow drawer extension allows the optimum use of areas with limited access. The drawers, each supported by heavy duty slides, accommodate one row of foolscap suspension files side facing or two rows of A4 files front facing.

- Side or front facing filing can be accommodated

**The quality solution
for space efficient
storage**

Bisley's range of versatile Side Opening Tambour Cupboards has been designed to maximise storage capacity and make the most of valuable office space. Because tambour doors retract into the cupboard side, they need less space. Unlike conventional cupboards, they have no doors that open outwards to cause obstructions. A comprehensive range of internal fittings provides for the filing and storage requirements of every modern office. (See page 15)

- Black
- Coffee/Cream duo

Slimline cupboards with maximum capacity

Bisley's Stationery Cupboards are designed for maximum storage capacity but are economical on space. These cupboards are supplied with a dual purpose shelf which accommodates under-shelf filing. Doors are flush to the carcass and are fitted with a three-point locking mechanism.

E782A04

E722A03

E402A01

The classic all-purpose cupboard

These all-purpose cupboards are available in a choice of four heights and are especially suitable for general storage and filing. Bisley Two Door Cupboards, fitted with attractive, unobtrusive flush-front doors, can be used either individually or in rows. They have a magnetic door catch, two-point locking mechanism and are manufactured from high quality, heavy gauge steel. The cupboards are available either assembled with a fully welded carcass for greater strength and rigidity or in flat pack form for easy assembly using just a screwdriver.

Vertical opening Tambour Cupboards from Bisley are ideal for high density storage. Unlike conventional cupboards, Vertical Tambour shutters retract into the top of the cabinet so they have no doors that open outwards to take up space and cause obstructions.

High density storage with a full range of internal fittings

The specially designed Bisley spring loaded roller mechanism allows finger tip operation of the shutters which can be left in any open position. The comprehensive range of internal fittings on the opposite page provides for the filing and storage requirements of every modern office.

Safety Warning

Pull-out fittings must only be fitted in the bottom half of any Bisley Storage unit. Consult your Bisley Dealer if in any doubt.

Planning storage to meet exact needs is easy

Bisley makes it easy to plan storage to the needs of a particular application. Follow this step by step guide and refer to the illustrations on this page. You will then be able to identify the most appropriate fittings and the most suitable size of Side Opening Tambour, Vertical Tambour or Two-Door Cupboard.

- 1 Identify what needs to be stored.
- 2 Choose from the internal fittings illustrated here.
- 3 Calculate the amount of height in modules that should be allowed for each internal fitting (1 module = 23mm). Please note that the module values assume standard sizes of lateral and suspension files.
- 4 Make sure you allow enough space for the height of the items to be stored on or in the internal fitting.
- 5 Add up the values to provide a total internal module height.
- 6 Select from the standard cupboard heights, choosing the one nearest to, but taller than, the total internal module height.
- 7 Please ensure that roll-out filing frames and drawers are only fitted in the lower half of a cupboard.

Specification Note

This unit has been specified with more than one roll-out internal and therefore will require an anti-tilt safety device.

- A4 - 12 Series desk top units ideal for home or office use
- Multidrawers can also be fitted with locks
- Castors can be fitted to Multidrawers
- As an alternative a leveller base can be fitted

The versatile solution for small item storage

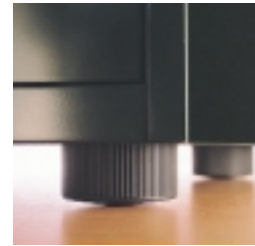

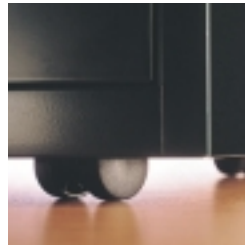

Bisley Multidrawer Cabinets provide the most versatile solution to your storage needs. There is a choice of three cabinet heights and six drawer heights as well as A4 or A3 cabinets. The desktop units make multidrawers ideal for home or office use. A wide range of accessories increases the versatility of the Multidrawers even further. These include castor bases, adjustable height leveller bases and plastic insert trays for compact storage of small components.

A3 Series

A4 Series

- Plinth base can be replaced with castor base
- A leveller base can be fitted as a further alternative

Efficient storage of CDs and videos

The Bisley CD and Video Storage Cabinet is designed specifically to store media. Each drawer can be divided into three rows to accommodate up to 120 CDs or two rows for up to 26 standard VHS cassettes. Compressor plates can be adjusted at 30mm pitch for CDs and 45mm pitch for video tapes. The drawers run on smooth, roller ball bearing slides.

MS4E + CD pack

MS4E + Video pack

Bisley F-Series Pedestals provide optimum flexibility for filing and storage of both A4 and foolscap files.

Classical styling A height adjustable or castor base is available as an extra. The range is available with flush fronts or the Bisley classic fronts as illustrated above.

- A fifth castor can be fitted to mobile pedestals, as an anti-tilt device
- Roll-out or drop-in pen trays are available
- A choice of two pedestal depths - 565 and 775mm
- A fitted counter balance can be specified

E7503

E7502

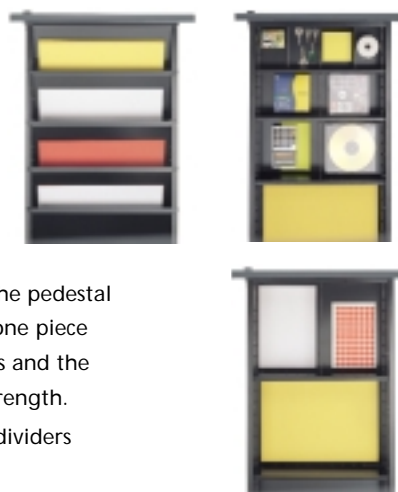

E6503

The ultimate in mobile and freestanding pedestals

Bisley has developed the ultimate range of mobile and freestanding Pedestals which can be incorporated into any desking range. There is a choice of two pedestal depths - 565 and

775mm, which are both designed to suit system desking ranges with 600 and 800mm deep desk tops. The pedestal carcass is precision-engineered from a one piece steel wrap with no visible seams or joins and the rigid front frames provide additional strength. A full range of letter trays and drawer dividers is available.

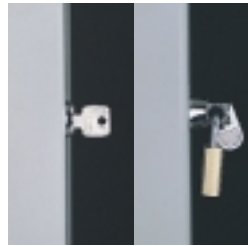

E6502

E5503

E5502

- All lockers are fitted with a camlock. Hasp locks can be ordered as an option
- A discreet card holder enables lockers to be titled
- Single door lockers have a wardrobe shelf and all lockers will accommodate full size crash helmets
- Each locker has ventilation holes in the top and base allowing air to circulate

**Stylish lockers
to suit
all environments**

Bisley lockers provide a functional yet stylish solution for environments such as leisure centres, hospitals, schools, industrial and commercial premises. This extensive range incorporates five types of closures and two depths with a choice of single, two, four and six door compartments.

Additional design features include an undershelf coat hook in single and two door compartments, with an undershelf coat rail for multiple hangers in the 550mm (21.5") deep single door locker.

Card Index Cabinets

Bisley Card Index Cabinets are the ideal solution for secure filing of card-based information. Single and double units are available to accept 5" x 3", 6" x 4" and 8" x 5" cards. The cabinets feature a patented linking device for rigid multi-unit arrangements, card support plates and plastic moulded handles with card frame. All units are easily converted to locking for security purposes.

Letter Racks

Bisley Letter Racks are fitted with rubber feet and are designed to hang or be freestanding. Available with 3 or 5 trays.

Waste Paper Tubs

Bisley steel Waste Paper Tubs are designed to last and are fitted with moulded plastic corners to ensure safety.

**Bisley steel
Plan Files go on
and on and on**

Bisley's top quality Plan Files incorporate a number of design features for maximum versatility and safe storage of documents. Plan Files are available in five or ten drawer units in two sizes - A0 and A1. Intermediate five or ten drawer sections are also available for additional capacity. Each drawer is fitted with a front hinge pressure bar and rear hood to prevent plans from curling or becoming creased. A0 drawers have been tested to an evenly distributed load of 50kg and A1 to 25kg.

- All drawers are slotted to enable dividers to sub-divide each drawer into DIN A sizes

Colour Guide

Always quote the Bisley colour reference number when ordering. Whilst care is taken to ensure colour consistency, variations may occur.

Because of technical limitations in the printing process the colours shown are a guide only. Individual colour swatches are available from your Bisley dealer or from the Bisley Customer Service Department.

Some colours are subject to a price surcharge. For full details see our latest price list.

Bisley Guarantee

All branded products manufactured by Bisley Office Furniture are guaranteed for a minimum of five years. The guarantee covers all defects in materials and workmanship. Where stated, some products are covered by longer guarantees - seven years for Bisley Filing Cabinets and ten years for Side Opening Tambours.

In accordance with our policy of continuous product development and improvement, we reserve the right to change the specifications of products illustrated and described in the brochure without prior notice.
